Kamal Maurya

Associate Team Leader - Document Sourcing & Technology

Thane, Maharashtra | mauryarkamal@gmail.com | +91 9987570231

PROFILE

Curious team leader and builder of practical software with experience in document sourcing, data research, automation and quality improvement. I combine technical delivery with clear communication and collaboration to solve operational problems.

CURRENT ROLE

- Lead and coach a team of 10+ professionals, with a focus on performance, quality and continuous improvement.
- Coordinate work with team and organizational goals; resolve process inefficiencies and reengineer workflows.
- Build automation, individual quality checks and Power BI reporting for productivity, efficiency and quality.
- Present metrics, escalate critical issues and mentor colleagues to share technical knowledge.
